In order to book, we will need a minimum of 72 hours notice in advance. We do require a deposit of half of the cost of the event upon booking. By 72 hours before the event we will need the full payment. Please also note that we do not offer any refunds.

Automatic 20% gratuity will be added into the cost of the event to ensure that our providers get tipped for their time and services.

As far as "time limit", we allow an hour after services have been completed to keep eating or continue activities. After that we ask that the party move towards the exit so the staff may begin to clean up.

If outside food was brought in we ask that it all be contained and taken back with you.
